

## HARRASSED AT HOME AND ABROAD SPAIN FACES SERIOUS SITUATION

King Alfonso XIII

Harbor of Barcelona.

## ASSAILED ON ALL SIDES, SPAIN NOW FIGHTS FOR LIFE

(Continued from Page One—Column 1.)

element held the upper hand at that time.

The government troops, finding themselves insufficient to retake the revolutionary stronghold, have been forced to abandon several quarters, leaving the revolutionists in control.

The streets of the city are barricaded with huge piles of stone and earth.

Furniture and planks are heaped in the barricades to the height of the first stories.

The arrival of reinforcements, so urgently needed by the government forces, is retarded by the destruction of railroads and the avenues of communication leading to the city. The revolutionists are armed with muskets, knives and revolvers. They have an effective organization and hospital equipment.

With the arrival of a regiment of reinforcements, which the government succeeded in getting through yesterday, the inhabitants were notified to keep indoors for the succeeding four or five hours. The peacefully disposed heeded this warning, while the artillery of the government forces raked the streets where barricades had been erected, causing great havoc among them and in some cases demolishing them.

**Stern Repressive Measures.**

The government is seeking to relieve the city by sea, now that the land communication for the troops is interrupted. "All available ships are being hurried to Barcelona."

Whether there is an ulterior political purpose behind the revolutionary uprising throughout Catalonia is not clear. Outwardly the movement is for a protest against the war in Morocco.

The withdrawal of troops for the campaign in Africa left less than 5,000 men in the garrison at Barcelona, and the infuriated mob, after committing all sorts of excesses, including the burning and sacking of church property everywhere, proceeded to the city in order to hold their positions.

The military governor of Barcelona to-day published a decree ordering the inhabitants of the city to return to their homes. After twenty-four hours any one found in the streets is liable to be shot on sight.

**Europe Watching Events.**

PARIS, July 29.—The internal situation in Spain completely overshadows the war in Africa in the eyes of Europe. Although official dispatches received here from Madrid predict an early restoration of order in the province of Catalonia, grave fear is entertained.

The decision of Premier Maury's Cabinet yesterday to place the country under martial law and employ the army to repress the revolt in Catalonia as an alternative to convoking Parliament, may provoke an extension of the insurrection which would endanger the dynasty.

Preparations now being made in Madrid to quell the disturbances include the dispatch to Catalonia of the entire third and fourth army corps and the Madrid cavalry brigade, under command of Prince Charles of Bourbon, who was about to leave for Melilla. Prince Ferdinand, of Bavaria, is one of the squadron commanders of this brigade.

(Later).—A dispatch to the Journal from Madrid says that the revolution at Barcelona, it is alleged, was arranged by former Deputy Leroux, chief of the Republicans at Barcelona, who returned recently to Spain from Buenos Ayres.

Five convents and many residences have been burned at Barcelona, but reinforcements have aided in checking the movement.

The minority in the Parliament has

## Pretender Bobs Up.

LONDON, July 29.—A special dispatch from Madrid says there is a persistent report in Carlist quarters that Don Jaime, the Pretender, is about to issue an address to the powers and a manifesto to the Spanish people maintaining his claim to the Spanish throne.

voted to sustain the government in the present crisis.

**Spread of Labor Trouble.**

LONDON, July 29.—News reaching this city by way of Biarritz discloses the difficulties with which the Spanish government is confronted in dealing with the disorders in Catalonia and the other disturbed provinces while carrying on a war in Morocco.

To prevent reinforcement of the military, the revolutionists, who have succeeded in effecting co-operation of the workmen's organizations, have torn up miles of railway tracks between Madrid and Barcelona, cut trenches across the railway embankments in the country districts and destroyed many bridges and viaducts.

The terror-stricken people are fleeing from the larger towns in the open country and the small villages, where there is less exposure to danger.

The situation is complicated by the spread of the general strike ordered by the labor organizations of Barcelona two days ago. The indications are that the strike will spread to the provinces of Loria, Gerona and Kari-gona, but no definite news has been received from these points.

A special dispatch from Gibraltar says all Spanish batteries stationed in that vicinity have received hurried orders to embark at once for Melilla.

More than 100 wounded Spaniards were landed this morning and taken to hospitals.

## MME. NORDICA MARRIED.

Opera Singer Weds New York Banker in London.

LONDON, July 29.—Mme. Lillian Nordica, the American opera singer, was married to-day to George W. Young, a New York banker, at King's Weigh House Church, Grosvenor Square.

The church was decorated with palms. The music included the hymn, "Oh, Soul of Bethlehem, Be Watching Over Israel," from "Elijah," and the wedding march from "Lohengrin."

John Ridgely Carter, secretary of the American embassy, gave the bride away. She was accompanied by her sister. The best man was Frederick Townsend Martin. The service was conducted by Rev. C. P. Hunt, a friend of Mme. Nordica. The guests included Consuelo, Duchess of Manchester; Lady Lister-Kaye, General Sir Alfred Turner, Hon. Alec. York, Captain Sydney Clemen, General Barry and Viscount Maitland, William Penton Chauncey, of New York, was master of ceremonies. The couple left for a yachting cruise, but will revisit London before going to America.

Mme. Nordica and Mr. Young dined privately with Queen Alexandra at Buckingham Palace last Sunday. There was music afterward.

## RAILROAD COMMISSIONERS RESTRAIN BY FRITCHARD

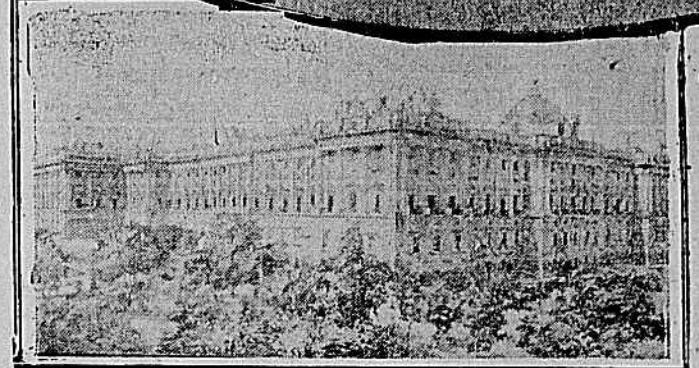

ASHEVILLE, N. C., July 29.—An injunction was issued this evening by Judge Fritchard restraining the Railroad Commissioners of South Carolina from trying to effect an order made by them restraining the Atlantic Coast Line Railroad to operate two unimpaired trains daily between Conway, S. C., and Chadbourn, N. C.

The order, which was issued upon the application of Attorney P. A. Wilcox, of Florence, S. C., required the defendants to show cause here August 12 why the injunction should not be made permanent, but provides that upon four days' notice the defendants may apply to the court to rescind or modify the injunction. The required injunction bond of \$5,000 was given by the American Surety Company through its local president.

## Attempt to Wreck Train.

(Special to The Times-Dispatch.)

SALISBURY, N. C., July 29.—Southern Railway detectives began work to-day in an attempt to locate and capture unknown parties who at midnight last night tried to wreck north-bound passenger train No. 30, near Concord, Cabarrus county. A crate was found on the track, and the fast passenger, running at high speed, was stopped just in time to prevent a wreck. The engine was rocked from ambush and the wreckers escaped.

ROYAL PALACE IN MADRID.

## News of Manchester

Manchester Bureau, Times-Dispatch, 1102 Hull Street.

Although E. H. Wells gave out no statement before leaving the city as to whether or not he would accept the judgeship of the Corporation Court of Manchester to succeed William I. Clifton, deceased, his friends evidently have been assured that he will accept the place. Yesterday a petition was circulated by prominent business people which asks Governor Swanson to appoint him to the position. Any number of prominent business men and citizens have signed the paper, and there now seems little doubt as to the appointment of Mr. Wells. It is further understood that the Manchester bar has endorsed him for the position almost to a man.

## Consolidation Question Quiet.

The matter of the consolidation of Manchester and Richmond has not been discussed recently, and the Council of Manchester is now waiting for a reply from the Council committee of Richmond, which has for some time been considering the proposition which was presented by the Manchester committee. It is certain that the Richmond committee will never accede to the requests of the Manchester body, and it is generally believed that the committee from this city made the proposition a broad one in order to allow for "shrinkage." It is thought that the Richmond committee will be heard from in the near future.

## Among Those Who Were Successful in Passing the Examination Yesterday.

Before the State Board of Pharmacy were two young men from this city, who passed as registered assistant pharmacists. They were Messrs. J. M. Bailey and J. P. Cronin. Both of these young men are well known here, and their friends will be pleased to know that they were successful.

## Glass Company Wants Receivers.

A friendly suit has been instituted in the Corporation Court of Manchester, which has as its object the question of throwing the Blair Glass Company into the hands of a receiver. The industry was started in Manchester about four years ago, and during the first two years was one of the best paying manufacturing establishments in the city, giving employment to many men. Owing to the temperance wave in the South, the glass bottle business went to pieces, and the Manchester factory was compelled to close down on account of the fact that there was no demand for its product.

## It is More than Probable that the

## Chesapeake and Ohio

## Extending Service

Beginning Sunday morning and continuing until the Sunday excursions are discontinued, the Chesapeake and Ohio will sell excursion tickets through to Virginia Beach and Cape Henry for the round trip fare of only \$1.50. Fast trains with parlor cars leave Main Street Station every Sunday morning at 9 o'clock. Round trip fare to Old Point and Buckroe only \$1.25; Ocean View, Cape Henry, Virginia Beach or Norfolk only \$1.00. Passengers for Cape Henry and Norfolk will leave Norfolk only three blocks from the Chesapeake and Ohio Station. Returning trains leave Norfolk 4:30 and 7:40 P. M., Old Point 4:30 and 7:40 P. M., every hour until 7:40 P. M.

company will resume operations in September, which is the customary time for glass works to open up. They are generally closed during the summer months.

## Sent On to Grand Jury.

Wilbur G. Gilliam and Cleveland F.

Farmer were on trial in the Police Court yesterday, charged with having swindled E. H. Clayton, of Richmond, out of a horse, buggy and harness, and the men were sent on to the grand jury, which will meet in September. All of the evidence brought out yesterday has been printed before. The men were both bailed in the sum of \$100, and J. D. Clark was their bondsman.

## News Briefs.

H. Moses Kahn, formerly of Manchester, and now of West Point, is visiting relatives in this city.

Squire H. A. Jordan, who has been ill for some time, is much improved and was able to be out yesterday afternoon.

A lawn party will be given at Fifth and Porter Streets to-night for the benefit of the Home for Needy Confederate Women, of Richmond.

The funeral of Robert N. B. Jones, the little son of J. J. and Annie E. Jones, who died on Wednesday, will take place this afternoon at 2 o'clock from Decatur Street M. E. Church.

The benches recently ordered by the Building and Lands Committee arrived yesterday and were placed on the court green. They came just in time to accommodate the many witnesses who were summoned to testify before the grand jury.

## Papers were signed yesterday for the sale of the Young Men's Christian Association building at the corner of Sixth and Main Streets, to F. P. Loth, of Waynesboro, for \$70,000. The sale was negotiated through Pollard &amp; Bagby, of this city, and has been in course of consummation for several days. Mr. Loth came to Richmond last week seeking a satisfactory investment in a section of the city where property is liable to advance in price, and was shown the old Y. M. C. A. by James Pollard, of the firm of Pollard &amp; Bagby. The board of directors of the Y. M. C. A. met yesterday and closed the deal, transferring the property, which stands sixty-six feet on Main Street at the northwest corner of Sixth, possession to be given January 10.

## Mr. Loth said he considered this an exceptionally cheap piece of property. The clause in relation to not taking possession until January 1, he said, suited him, as he had no perfected plans as yet for improving the property, and did not as yet know what he would do with it.

## From directors of the Y. M. C. A. it was learned that the price of \$70,000, at some time ago, would only have continued to August 1, when it had been expected to raise the amount

POLLARD & BAGBY  
1102 East Main

to \$80,000, and give immediate possession. The association expects to be able to occupy its new building not later than January 1, and its work will not be hampered by the transfer, while the sale will aid in the completion of the new building and in furnishing it in complete and up-to-date style, adding several features to its equipment which have hitherto been deemed too expensive. Previous to the time of giving up ownership it is expected that the new owner will have formulated plans for remodeling or rebuilding the structure for business purposes.

## May Call for New Bids.

Report has it that all of the bids for the extension to the American National Bank will be rejected and new bids called for. Bids have been submitted by A. C. Bedford, W. A. Chesterman, J. T. Wilson, G. J. Hunt, A. M. Walkup and J. T. Nuckolls, the report being that A. C. Bedford is the lowest. The directors of the bank had the matter under advisement yesterday afternoon, and, according to reports which found their way to the Builders' Exchange, new proposals may be called for. The plans now on file at the Builders' Exchange call for the demolition of the building occupied by Burk & Co. and the doubling of the American Bank Building; then for the erection of two additional stories and an ornamental roof over all.

The floor space of the bank is to be doubled, and another entrance, an exact replica of the present, to be added. There will be three elevators in the front, with provision for many improvements to the present building. Wyatt & Nollings, of Baltimore, are the architects, with Charles K. Bryant, of this city, as associated architect. Bought for investment.

William B. Pizzini Company yesterday closed the sale to J. and I. N. Kaufman of three residences, 709, 710 and 712 East Franklin Street, on the north side, between Seventh and Eighth Streets, just opposite the Woman's Christian Association and the rooms of the Southern Historical Society, the purchase price being \$35,000. It is understood that the property will be put in order and held as an investment pending a possible development of the part of Franklin Street for business purposes.

## Big Sale on Broad.

Another big Broad Street sale was announced yesterday by J. A. Connelly & Co. Acting as agents for William H. Schwarzhild, this firm purchased from Mrs. Henry T. Wickham two stores on East Broad Street, 827, occupied by McCarthy & Haynes, at 623, occupied by the Douglas Shoe Company, the price being \$84,500. The total frontage is forty-two feet, the stores in both instances running back to the alley which runs behind the new Y. M. C. A. property.

Mr. Wickham purchased the property as an investment for \$21,000. Real estate agents familiar with conditions say that there are no standards of value for Broad Street property, as sales have recently been made in desirable sections at prices ranging from much less than the price of the Connelly purchase to almost twice as much as a front foot.

**Woodland Heights Sales.**

Two lots in Woodland Heights were sold yesterday to H. P. Turner, who will build on them. The lots are on Semmes Avenue, west of Ponticello. The purchase price was not given.

## Extension to Church.

Plans were filed yesterday at the Builders' Exchange for an extensive addition to Laurel Street Methodist Church. The board of stewards of the church will open bids for the work at the church on the night of August 2. The total cost of the improvement is not yet known.

## New Work for Club.

Noland & Baskerville have completed plans for an extension of the Commonwealth Club, the new wing to include dining-rooms, kitchen, baths and a number of other features, the work to include remodeling and improving the present clubhouse, which stands at the corner of Monroe and Franklin Streets. The total work is expected to cost about \$20,000 and will make the clubhouse one of the most up-to-date and attractive in this section.

## Building Permits.

Building and repair permits were issued yesterday, as follows:

Henry B. Baskerville, to repair and erect an addition to a three-story brick dwelling, 325 East Franklin, to cost \$1,200.

**Broad Street Transfer.**

Vaughn & Williams sold yesterday for M. L. Hofmeister, an acre lot on the north side of Broad Street, between Graham and Hancock Streets, price being \$35,000. The lot is 121 feet front, and has been occupied by a coal yard and two buildings. The name of the purchaser was not given. The same acre sold yesterday for G. M. Smith, the two-story brick building 904 East Broad Street, for \$13,000. The purchaser in this instance is also withheld.
